

Penrith Valley Figure Skating Club

Grant System

PVFSC takes pride in assisting members with some of the costs associated with competing at high level competitions. As such, the following opportunities exist for PVFSC competitors:

Australian National Championships

- If a Penrith Valley Figure Skating Club member is selected to represent NSW at a Singles or Pairs event at the Australian Figure Skating Championships, the Club will purchase the skater a monthly skate pass at Penrith Ice Palace, to assist with training leading up to the competition. In addition, the Club will provide the skater with a cash payment of \$100 if Nationals are held within NSW, and \$200 if held outside of NSW
- If a Penrith Valley Figure Skating Club synchronised skating team is selected to represent NSW at a Synchronised Skating event at the Australian Figure Skating Championships, a grant of up to \$500 will be offered to the team. All members of the team must be Penrith Valley Figure Skating Club members

Australian Selection at International Competitions

- If a PVFSC member, pair or team is selected to represent Australia and competes in an overseas ISU sanctioned figure skating competition, the Club will provide the skater/pair/team with one \$600 cash payment per calendar year on the following conditions:
 - The applicant must compete as an Australian representative in at least one overseas competition in the year the grant is received.
 - Skaters who compete in an overseas skating competition who have not been selected by ISA/NSWISA to compete as an Australian representative are not eligible for the grant.

In order to receive the above grants:

- ✓ The individual skater, pair or team must have been a member of the Penrith Valley Figure Skating Club the previous two calendar years as well as a member of the Penrith Valley Figure Skating Club in the year of the application for the International Payment and a member of Penrith Valley Figure Skating Club the previous calendar year as well as a member of the Penrith Valley Figure Skating Club in the year of the application for the National Payment
- ✓ The recipient of the grant must volunteer three hours of work at Penrith hosted competitions in the calendar year the International grant is offered. Failure to do so will impact on their eligibility for future grants

The above grants are available subject to the financial situation of the club. Endorsed January 2016.
